5:45 p.m. – Audit of Township Bills/Claims
6:00 p.m. –Regular Monthly Business Meeting

Board Room, Milton Township Hall
1492 N. Main Street
Wheaton, Illinois, 60187

Minutes — Time* (min/sec)

I. Call to Order at 6:00 p.m. by Supervisor Higgins-Beard — 0:00

A. Mission Moment.

Supervisor Higgins-Beard focused the Mission Moment on the Township's effort to have on-hand signs/bumper stickers that people with varying kinds of special needs can keep in their cars to help them communicate with police officers and emergency personnel if they are stopped while driving or riding in their automobile. She shared an occurrence that was prevalent in the news last year about a man with autism who stepped out of his car after being stopped by a police officer and was shot to death because he was moving his hands in a manner that the officer found threatening.

Supervisor Higgins-Beard shared that last month, a Township resident visited the Food Pantry and asked a worker there whether there were any signs available to alert officers/emergency personnel that she has autism. The Township was able to provide her with a bumper sticker and an information card, which she was very grateful to receive. The Milton Township staff member who provided the woman with the sticker was quoted as saying *"It was heartwarming to see how much it meant to her, and I assured her we were happy to help and hoped the materials would be useful."*

II. Public Comment 05:15

A. **Denise Morgan** is a volunteer at St. Stephen Cemetery Prairie and the Great Western Trail near the prairie. She and other volunteers have been working to clear the brush along the north side of the Great Western Trail. She notified the Board that there is a work day scheduled for Sat Oct 17 from 9:am to noon where volunteers can help with the clean-up. Ms Morgan shared that she and Trustee Pitts visited with representatives from DuPage County and the Village of Carol Stream about some of the flooding in the area. They discovered some of the maps of the area haven't been updated to reflect recent changes in drainage lines. The County and the Village of Carol Stream are working to update the maps.

B. **LaTonya Owens** is the owner of Teresa's Place Adult Daycare. She wanted to alert the Board of a bill that has recently been passed which allows a driver's license applicant to submit confidential medical information confirming an intellectual disability or autism spectrum disorder so that the information can be added to their driver's license or license plates. According to Ms Owens, the goal of the bill is to keep something that should be a straight-forward traffic stop from becoming a chaotic situation for both an officer and a driver.

C. Highway Commissioner's Report (Commissioner Drew) 21:25

1. The Recycling Event on Oct 3 was a success. Approximately 200 cars showed up. The most frequently recycled items included electronics, paint and paper for shredding.
2. Commissioner Drew addressed the fact that residents have been calling both the Township office and the Highway Department office to voice frustration about the Pleasant Hill Ribbon Curb project. The project involves tearing out existing sides of the street and replacing them with physical curbs, which will help hold the street together and should result in a longer pavement life than previous maintenance efforts.

   Commissioner Drew explained that although letters were hand-delivered to all residents who are being impacted by the project, warning them that parking would be restricted and access to their driveways would be limited for a few days, several people stated that they did not receive a letter. Efforts were made by the Highway Department to accommodate residents who needed to have access to their driveways upon request. He requested residents that have questions to call him directly at the Highway Department.

D. Cemetery Commission Report (Chair Ellis) 34:10

1. Chair Ellis reported that the commission has made progress cleaning up and recognizing all three cemeteries:
   - At Pleasant Hill Cemetery the grotto was cleaned up and some flowers were planted.
   - At Jewell Grove Cemetery, volunteers cleaned up the tree canopy after receiving a $20,000 grant from the new Illinois Cemetery Relief Grant Program. Also at Jewell Grove, commission members honored community pioneers & guardians, including MTCA's late Bob Jacobsen, planting a tree at Jewell Grove Cemetery in his memory.
   - Restoration continued at St. Stephen Prairie, including brush cleanup and a controlled prairie burn. Commissioner Ellis reminded everyone that they can volunteer to help next year.
   - America 250 was celebrated at all 3 cemeteries. Celebrations included cannon fire, 7-gun salutes, a full band concert, & a re-enactment of Revolutionary hero, Dr. Mary Edwards Walker.
2. At the end of his report, Commissioner Ellis played a video featuring some of the events that have taken place at the cemetery.

DRAFT

V. Unfinished Business 38:10

A. Architect's Report—Service and Space Requirements Analysis, Final Report: (Patrick Brosnan AIA NCARB, Lopez & Brosnan)

1. Patrick Brosnan refreshed the board's memory on the purpose of the space requirements analysis which is to Evaluate the Utilization of Space; Seek to Optimize Available Spaces; Consider Strategies to Maximize Efficiency; while Respecting Taxpayer Resources and Ensuring a Dignified, Secure and Accessible Environment for all.
2. Finding space for all areas that need to be accommodated (and to take into account future growth) continues to be a primary focus. The study indicates that a facility with 15,500-17,500 sq ft will be ideal and/or 1 ¾ to 2-acre lot.
3. Food pantry logistics take extra consideration because of delivery methods for food and heavy foot traffic by township residents and volunteers. Parking and accessibility are also challenges in the planning process.
4. Five recommendation summaries were presented, and diagrams of potential solutions were shown as part of the presentation:
   a) Work Remotely and Renovate to Collaborate (Renovate the existing spaces to create flexible collaborative meeting spaces, food pantry and private offices for Supervisor, Clerk and Assessor only.)
   b) Relocate Offices to an Alternate Site (Lease/purchase space)
   c) Renovate and Expand Existing Site (Seek 50' from neighboring property owner
   d) Consider partnerships to create an alternate solution for the Food Pantry.
   e) Invest in an alternate site to keep all functions together.
5. Clerk Bailey asked if the upstairs area of the current building could be renovated to be more accessible to use it for storage. Patrick Brosnan pointed out that it would have to be ADA accessible if renovation was the selected option. 1:03:40

B. Financial Policy & Procedure Improvement Tracking (Supervisor Higgins-Beard)

1. Q2 report of the Financial Policy & Procedure Improvement Tracking is out. The Township was issued 36 suggestions, 24 of those (67%) are complete.

DRAFT

2. One of the requirements was to write financial policies. The manual was approved in August.
3. Another requirement was to reduce the number of checking accounts within the Township and associated partnerships. Accountant Abbey will attend November meeting to report on that initiative. 1:05:10

C. Motion to Amend Item 9A from June 18, 2026 meeting minutes

Changes were made to add the specific dates of executive minutes in the record from April 6, 2021 to May 11 2026. Motion, Trustee McGrath; Second, Trustee Siemer. Motion passed.

VI. New Business

A. Parking for Staff/Volunteers 1:06:20

1. The property next door (formerly 5/3 Bank) will be sold very soon. They are likely going to put up a fence around the property while they renovate. This leaves the Township with a deficit of 15 parking spaces, and four more if the dumpsters that are currently sitting next to the Township office have to move onto the property.
2. Supervisor Higgins-Beard has reached out to several local organizations and businesses to investigate whether they would be willing to donate or lease some parking spaces. Remax and ECLA across the street have declined. Other options include Highpoint Church or Northside Pool (during off-season). Safety is a concern since staff will potentially be walking to/from those locations in the dark or bad weather.
3. Supervisor Higgins-Beard predicted she may come back with an Intergovernmental agreement or a Mixed Land Use Agreement at a future meeting and that there might be a cost involved if the Township needs to find additional parking.

B. Resolutions to transfer funds to Money Market Accounts

1. Motion to approve Resolution No R-26-10: Transfer funds from the Capital Fund Checking Account to the Capital Fund Money Market Account. Motion: Trustee Siemer; Second, Trustee Pitts. Roll Call vote: Trustee McGrath, yes; Trustee McGowan, yes; Trustee Siemer, yes; Trustee Pitts, yes. Supervisor Higgins-Beard, yes. Motion passed.
2. Motion to approve Resolution No R-26-11: Transfer funds from the Permanent Road Checking Account to Permanent Road Money Market Account. Motion: Trustee Siemer; Second, Trustee Pitts. Roll Call vote: Trustee Pitts, yes; Trustee McGowan, yes; Trustee Siemer, yes; Trustee McGrath, yes; Supervisor Higgins-Beard, yes. Motion passed.

DRAFT

3. Motion to approve Resolution No R-26-12: Transfer of funds from the Township Operating Checking Account to Township Operating Money Market Account. Motion, Trustee Siemer; Second, Trustee McGowan; Roll Call Vote: Trustee McGrath, yes; Trustee McGowan, yes; Trustee Siemer, yes; Trustee Pitts, yes. Motion passed.

C. MOTION TO APPROVE THE REQUEST FOR PROPOSALS FOR BANKING AND TREASURY SERVICES TO THE TOWNSHIP. 1;13:08
Motion, Trustee Pitts; Second, Trustee McGowan. Discussion: Trustee McGrath asked whether Milton Township can require a bank that submits a proposal to have a branch in Illinois and/or in Milton Township; Supervisor Higgins-Beard clarified that the language to require a branch in Milton Township is already in the RFP; Roll Call vote: Trustee Pitts, yes; Trustee Siemer, yes; Trustee McGowan, yes; Trustee McGrath, yes. Motion passed.

D. Motion to approve R-26-13 Resolution Opposing the Placement of Automative License Plate Reader Cameras in Milton Township, DuPage County, Illinois. 1:17:26

1. Supervisor Higgins-Beard mentioned that license plate readers, or Flock cameras, are in the news a lot these days and people have been calling Milton Township to ask if the Township supports the cameras. She showed a crowd-sourced heat map that shows approximately 130 cameras are set up within Milton Township. DuPage County Sheriff's Office has reported that there are 11 cameras set up adjacent to, or on, Milton Township roadways.
2. Even though there are many cameras set up within the Township, no cameras are installed on Township property, and no cameras are paid for by Milton Township. The cameras that are installed within the Township are funded by HOA organizations, the Sheriff's Department, or private owners.
3. While there are pros and cons to the cameras being used in different situations, there are not a lot of rules around the use of the data and how breaches of data may be handled, which is a concern of the Township Board.
4. Resolution R-26-13 opposes the placement and use of ALPRs in Milton Township until the use of said surveillance is properly regulated.
5. Motion, Trustee Siemer; Second, Trustee McGowan. Motion Passed. Discussion: Trustee McGrath read a prepared statement sharing her feelings about the ALPR cameras:

DRAFT

"Surveillance without consent undermines civil liberties and civil rights. Also, I am disturbed by news story after news story about police abuse of these devices, and I'd like to understand how and if all use of these technologies is regularly audited by law enforcement agencies in our communities. At a time when citizens are worried about data collection and data security, it seems clear that a technology that is meant to improve public safety may be more likely to be used to compromise privacy, collect and share individual data without consent, and damage the credibility of local and state government. I am a critic and a skeptic and I oppose the use of this technology in our community because the known harm from it outweighs its promised benefits."

E. Addressing Village of Winfield regarding Amazon drone usage and site in Milton Township 1:25:40

1. Supervisor Higgins-Beard reported that the Amazon fulfillment center on North Avenue has applied for variances with Winfield Township to allow drone delivery of packages up to five pounds within a 7.5-mile radius from the facility. Amazon anticipates approximately 150 to 250 daily flights which could equate to 91,000 deliveries/week. Noise impact is disclosed as 53 to 68 decibels, which is equivalent to normal human conversation.
2. Residents opposed to the variance have stated that there has been no agreement from surrounding communities including all of Milton Township, there are lengthy operation hours proposed for delivery schedules (from 6 am to 10 pm), property values could be negatively impacted, increases noise pollution, introduces commercial flight corridors over quiet residential areas, creates privacy concerns because cameras are used for navigation, there are safety risks from drones/packages falling from the sky, concerns that Amazon will want to remove trees, burden may fall to taxpayers for hidden infrastructure costs, and there is no proposed economic benefit outside the Village of Winfield for the areas impacted.
3. Supervisor Higgins-Beard asked the Board if they supported writing a letter to the Village of Winfield to voice opposition to the variance request.
4. The Board supported sending a letter to the Village of Winfield opposing the variance request.

F. Vote to approve the executive minutes of October 8, 2024: Motion, Trustee Siemer; Second, Trustee Pitts; Motion, passed. Roll call vote: Trustee McGowan, yes; Trustee McGrath, yes; Trustee Siemer, yes; Trustee Pitts, yes; Supervisor Higgins-Beard, yes. Motion passed. 1:37:50

Dear Fellow Board Members,

It is with sincere gratitude and mixed emotions that I submit my resignation as a Trustee of the Milton Township Board, effective November 30, 2026, as I prepare to assume my new elected position on the DuPage County Board representing District 4.

As I begin my new responsibilities as a DuPage County Board Member representing District 4, I look forward to continuing to advocate for the residents of Milton Township and DuPage County.
